Rum BQ

**POWERED BY
UNIT 137
SOUND SYSTEM**

RumBQ

Secret marinates spice fine meats as they sizzle on the grill. Bass vibrations gently mix mojitos and Jamaican mules as the party music nices up the area. Soul food, crafted drinks and sound system are key ingredients of a RumBQ.

Following years as a well-loved party for family and friends in Trinity's South London back yard, the RumBQ is now available for any occasion where great music, food and drink are welcome. We can do staff parties, special events as well as your own back yard.

Trinity is renowned for its roster of DJs, vocalists, musicians and sound systems. We are just as passionate about our barbecue food and drink. Our in-house chefs and mixologists can bring our RumBQ party vibes to you, no problem.

Through our supply chains, we're able to provide every element of what you need to enjoy a RumBQ at your place. We know where to get the best meat, fruit and vegetables. We can bring or even build a number of barbecues. If you're worried about the weather, we can sort a canopy.

The RumBQ is a marriage of the best of Creole cooking with several fusion elements. We feature Jamaican and Mauritian cuisine at our events, taking in the tastiest meat, fish, rice and salad dishes and antipasti. We're also connoisseurs when it comes to rum, and accompanying beverages.

RumBQs bring people together: Friends, family, colleagues and new acquaintances. Come rain or shine, the grill gets fired up, the cocktails are mixed and the music starts to play. Invite us, and we'll do the RumBQ like only we know how, while you enjoy the good vibes, food and music.
